## FOREWORD

This handbook takes effect with the 2021-2022 school year and supersedes all other handbooks. The purpose of this handbook is to familiarize students, teachers, and parents/guardians with the regulations and policies of Perry Central High School. This publication is designed to outline the rights and responsibilities of our students. It is not intended to be a comprehensive set of rules, but it does set forth the philosophy that the school environment is critical to effective teaching and learning.

This handbook therefore is designed to assist us in creating a proper atmosphere for learning. The premise that every person deserves respect and must respect the rights of others is the primary principle that governs responsible behavior. **The rules set forth in this handbook are not all inclusive but are set forth as broad principles that support the concept of student rights and responsibilities.**

Students and Parents should become familiar with the handbook since it contains the school calendar and other important school and district policies. This handbook has been prepared by a handbook committee at Perry Central High School and approved by the Perry County School Board.

The Perry County Board of Education and Administration of Perry Central High School reserve the right to amend any part of this Handbook at any interval in the school year should a need arise.

## ACCEPTABLE USE POLICY CONSENT FORM FOR USERS

The Perry County School District is pleased to offer to its students, faculty and staff, access to the Internet and the District's wide area network in accordance with the terms and conditions of the Acceptable Use Policy.

PCSD's Network and Internet access are provided through a complex association of government agencies and regional networks. Access to the Internet and to the Network provides users with a vast array of educational resources. The District's goal in providing this service is to promote educational excellence and student achievement in our schools through increased access to resources, information and global communication.

Reliable operation of the Network is dependent upon the proper conduct of its users – the Children's Internet Protection Act (CIPA) and The Children's Online Privacy Protection Act (COPPA). In compliance with CIPA and COPPA, the Perry County School District will implement technology protection measures to restrict, filter or block access to inappropriate materials, particularly visual depictions of obscene material, child pornography and materials considered harmful to minors. Use of filtering will also help the District (1) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of telecommunications; (2) monitor online activities; (3) deter unauthorized access, including hacking and other unlawful online activities; (4) prohibit unauthorized disclosure, use and dissemination of personal information regarding minors, and (5) restrict access to harmful materials by minors.

Users must practice ethical conduct and comply with policies and regulations while using the Network. The regulations adopted prohibit users from accessing harmful matter on the Internet that may be obscene or pornographic and address consequences for misuses of the system. Any user violating the policies and regulations will be subject to disciplinary action and/or loss of privileges. Law enforcement shall be notified when appropriate.

Basic guidelines are provided in the School Board Policy so that users are aware of the responsibilities they are about to assume. If a user violates any of these provisions, his/her use will be terminated, and future access may be denied. Disciplinary action may also result. Disciplinary action for users shall be in accordance with existing policies and may include suspension, expulsion, and/or termination of employment. If possible, criminal activity is discovered, the proper authorities will be notified, and an investigation may ensue.

The District's goal in providing this service is to promote educational excellence and student achievement in our schools through increased access to resources, information and global communication.

Reliable operation of the Network is dependent upon the proper conduct of its users. To this end, Congress passed two laws to assist districts in providing a safe and secure environment for its users – the Children's Internet Protection Act (CIPA) and The Children's Online Privacy Protection Act (COPPA). In compliance with CIPA and COPPA, the Perry County School District will implement technology protection measures to restrict, filter or block access to inappropriate materials, particularly visual depictions of obscene material, child pornography and materials considered harmful to minors. Specifically, as required by the Children’s Internet Protection Act, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled for adults or, in the case of minors, minimized only for bona fide research or other lawful purposes.

### **Inappropriate Network Usage**

To the extent practical, steps shall be taken to promote the safety and security of users of the Perry County School District online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Specifically, as required by the Children’s Internet Protection Act, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.

### **Education, Supervision and Monitoring**

Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of The Technology Director or designated representatives. The Perry County School District or designated representatives will provide age-appropriate training for students who use the Perry County School District Internet facilities. The training provided will be designed to promote Perry County School District’s commitment to:

### **VISITORS ON CAMPUS**

Parents are encouraged to visit the school. Visiting your child's school is one way of showing your child that you are interested in his/her success in school. It is, however, very important that we know the people that are in the building therefore; **EVERY VISITOR MUST CHECK IN AT THE ADMINISTRATOR'S OFFICE UPON ENTERING THE SCHOOL CAMPUS.** Visitors must be approved by the school administration and must surrender vehicle keys to office personnel before being given a **Visitor's Pass** to carry while on the campus. Former students will not be permitted to loaf on campus or in the hall while classes are in session. Anyone who fails to comply with this policy is subject to being reported to the local law enforcement authorities. This is a very important issue if we are to maintain a safe and secure environment for our students.

### **CONTACTING PARENTS**

It is the responsibility of the parent or guardian to provide accurate and current telephone numbers so that school personnel can reach a responsible adult at all times. The school must be informed of any changes in telephone numbers and addresses. When a responsible adult cannot be reached after good faith efforts by school personnel, Perry County Social Services and/or the Perry County Sheriff's Department will be contacted.

### **CUSTODIAL PARENTS**

Perry Central High School will be responsible for issuing report cards, progress reports, and other necessary reports to either parent unless a court order states otherwise. **ONLY THE SIGNATURES OF PARENTS AND LEGAL GUARDIANS MAY GRANT PERMISSION FOR SCHOOL ACTIVITIES AND SIGN LEGAL DOCUMENTS SUCH AS PORTFOLIOS AND GRANTING PERMISSION TO LEAVE SCHOOL WITH SOMEONE OTHER THAN THE CUSTODIAL PARENT.**

## **POLICIES ON INTER-DISTRICT TRANSFERS PERRY COUNTY SCHOOL DISTRICT**

The Perry County School District has the responsibility for educating students who reside within the boundaries of the District. As a general rule, “no minor child may enroll in or attend any school except in the school district of his residence, unless such child is lawfully transferred from the school district of his residence to a school in another school district...” *Miss. Code Ann.* Section 37-15-29 (1).

There are two exceptions to this general rule that are provided by the Mississippi Code:

- (1) “Those children whose parent(s) or legal guardian(s) are instructional personnel or certificated employees of a school district may at such employee’s discretion enroll and attend the school or schools of their parent’s or legal guardian’s employment regardless of the residence of the child.” *Miss. Code Ann.* Section 37-15-29 (2).
- (2) “No child shall be required to be transported in excess of thirty (30) miles on a school bus from his or her home to school..., if there is another school in an adjacent school district located on a shorter school bus transportation route by the nearest traveled road. Those children residing in such geographical situations may, at the discretion of their parent(s) or legal guardian(s), enroll and attend the nearer school, regardless of the residence of the child.” *Miss. Code Ann.* Section 37-15-29 (2).

The Perry County Board of Education generally does *not* grant transfers to students who reside in the Perry County School District to schools in other school districts unless they fall into one of the two exceptions mentioned above, although, by policy, the Board of Education allows a parent or guardian to apply for a transfer that does not meet one of the exceptions, and to present reasons in support of the request for transfer.

The issue of the **residency** of the student is relevant to both (1) requests for transfers of students **out of** the Perry County School District under exception #2 above (the so-called “30-mile rule”), and (2) requests for transfers **into** the Perry County School District from other school districts.<sup>1</sup> Documents that are acceptable for verification of residency are contained in the elementary and high school student handbooks of the District.

## **ATTENDANCE**

The Mississippi Compulsory School Attendance Law (Miss.37-13-91) requires all children who have attained or will attain the age of six (6) years on or before September 1 of the calendar year and who have not attained the age of seventeen (17) on or before September 1<sup>st</sup> of the calendar year to be in regular attendance at school. The law also requires that the school administrators report immediately to the local school attendance officer

---

<sup>1</sup> The issue of the residency of the student is *not* relevant to a transfer of a student to another school district in which his or her parent or guardian is “instructional personnel or certificated employees.” (Exception #1 above).

any compulsory-school-age child who has not enrolled within fifteen (15) calendar days after the first day of the school year. In addition, the Superintendent will report any child with five (5) absences to the School Attendance Officer for appropriate consultation between the officer and parents/guardian. **When the child has twelve (12) un-excused absences, the law provides that charges of “Educational Child Neglect: may be brought against the parent/guardian. Potential punishment for Education Child Neglect is a fine of up to \$1,000.00 and/or one (1) year in jail.”**

The school district must require students to be in attendance at school on a regular basis to foster student academic growth. Therefore, it is required that each student attend a minimum of 180 class days during the school year of course work. **In order to be counted present for a class a student must be in attendance 50% of the class time (47 minutes).** No student will be entitled to receive academic credit for courses taken if more than 5 class periods are missed for 9 Week courses; and 9 class periods for Semester courses. This is applied for each individual class period. Parents/ guardians and attendance officer will be notified after students have been absent for five (5) unexcused days in a semester course. A student will not be eligible to receive a yearly average in one-unit courses or semester averages in half unit courses if excessive absences in the class occur, subject to administrative review, if granted. **In the event that a student exceeds the allowable number of absences, the student will not be allowed to participate in school sponsored activities.** If a student is going to be absent for any reason the parent must contact the school before 10:00 am. **The phone number is 601-964-3235.** **Students should bring a note to the office on the day they return to school stating the reason for the absence and including a phone number so the absence can be verified.**

#### **EXCUSED ABSENCES**

1. Personal illness verified by medical note or administrator’s personal knowledge.
2. Serious illness or death in the student’s immediate family. Immediate family includes: parent/guardian, brother, sister, grandparent, spouse, child, uncle and aunt.
3. Deemed by school officials to be of sufficient educational value when compared to school work scheduled for that period or is of such urgent circumstances as to warrant and justify the absence. Written permission must be requested by a parent or guardian in advance and granted by school officials.
4. Students taking a regional, state, or national test, during the school day must have approval of administration prior to missing in order for the absence to be excused.
5. Students may bring no more than 5 parental notes in a school year to excuse absences. This does not apply to tardies. Parent notes must include a valid telephone number.
6. Students must present an excuse when they return. After 5 days from the day of absence excuses will not be accepted.

#### **COLLEGE DAYS**

Students who are classified as seniors will be permitted two excused college days during their senior year. These visits should be used during the months of September through April. Students wishing to make a college visit should submit a request in writing one week prior to the scheduled visit. In order for the absence to be waived, the student must present a signed college visitation form upon his/her return to school. (Visitation forms are generally available on all college campuses.) A college day waiver will not count against exam exemption.

#### **UNEXCUSED ABSENCES**

Any other reason not listed above will be considered an unexcused absence unless approved by an administrator.

## AFTERNOON SCHOOL

Perry Central High School will operate an afternoon school for students who have excessive absences. This will give students with passing grades an opportunity to receive credit for a course even though they have exceeded the number of absences. Students who have excessive absences during a **class period** will be required to make this time up before receiving credit for the course. High School students will attend afternoon school after exceeding the following numbers of absences:

½ Credit 9-week courses -- 5 absences	1 Credit Semester courses-- 9 absences
---------------------------------------	--

Students will only be able to make up 3 absences in a 9-week class; 6 absences in a semester course. To be counted present in a class, a student will be in attendance at least 47 minutes of a 94 minute class and 25 minutes of a 50-minute class. **A student who has a long-term or major illness or injury should contact his/her principal to be excused from afternoon school.** If a student does not attend the assigned Afternoon School, he/she will not receive credit for the high school course. Students will attend 1 session of Afternoon School for each excessive absence.

Afternoon School Procedures:

1. A letter will be sent to parents whose children have been assigned to Afternoon School.
2. The letter will be returned signed by the parent.
3. The student will return letter to office.
4. The student will receive admittance form from office.
5. The student will take it to assigning teacher to list assignments required.
6. The student will present admittance letter to certified teacher in Afternoon School.
7. Students will not be allowed to enter Afternoon School without books and materials.

Afternoon School hours will be from 3:10 p.m. until 4:30 p.m. Students will not be allowed to enter after 3:10 p.m. or leave before 4:30 p.m. **Students and Parents are responsible for transportation home.**

## MAKEUP WORK

Students who miss work due to absences are responsible for contacting teachers for make-up work. **IT IS NOT THE RESPONSIBILITY OF THE TEACHER TO MAKE ARRANGEMENTS WITH THE STUDENT FOR MAKE-UP WORK!** When a student is absent for any reason they should upon their return ask for missed assignments and arrange with the teachers a time line to complete missed assignments. **This should occur within two (2) days of their return. Students will be given the number of days missed plus one (1) to complete assignments.** Students who miss work due to an out-of-school suspension will be allowed to make up his or her missed assignments, but that work must be made up within the same number of days that the student was suspended. For example, if a student is suspended out-of-school for three (3) days, upon his or her return, the student has three (3) days within which to complete his or her missed work. The requirement that the make-up work be completed within the same number of days the student missed due to the out-of-school suspension does not relieve the student from the requirement that he or she complete the regular assignments given to his or her class in the time allotted as well. See afternoon school rules for possible make-up work.

## STUDENT ARRIVAL AND DEPARTURE

Students will not be allowed on the campus without supervision of a teacher or staff member of Perry County Schools. **Students should not arrive in the morning prior to 30 minutes before the beginning of the school**

**day and should not remain after school unless they are attending a supervised school activity and are under the supervision of a staff member of the school district.**

Students may not leave the school early without parental permission and must sign out in the front office before leaving campus under all circumstances. Students must meet the requirements established under the check-out policy. Students will be counted absent in the classes that are missed when they sign out early. Disciplinary action will be taken if a student leaves and disregards proper procedure.

### **CHECKOUT PROCEDURE**

**Students may check out with note presented to office upon arrival at school or may be picked up by an authorized person. Notes will be verified before a student is allowed to leave campus. Phone calls will not be accepted during school hours for student checkouts.**

1. Students enrolled in Career Pathway Experiences will follow the procedure in their program to sign out before the close of the school day.
2. Seniors who are completing senior requirements may sign out at the end of 3rd block after the proper work is completed.
3. Students who are not seniors will not be allowed to sign out early except for emergencies or doctor appointments.
4. Students who were participating in a program that is no longer active will not be allowed to habitually sign out early.
5. If a student is ill or an emergency arises, the student must come to office and have a parent or pre-approved person (name on Registration Form for emergency checkout) called to come get the student.
6. If the student has a doctor or dental appointment, a pre-approved person or parent may come sign the student out or send a note that includes check-out time and telephone number where parent can be reached for verification purposes. The note must be turned in before 1<sup>st</sup> period begins. School authorities have the right to refuse the release of the student if the note cannot be verified.

Any student checking out of school will not return to the campus nor will the student remain on campus after checking out. Students may return to school only if they have the permission of the administration.

### **TARDINESS**

The practice of being prompt is necessary for the student to be involved in the instructional process for the entire class period as mandated by the Department of Education. Each incidence of tardiness will be kept and will become a part of the student's attendance record. If a student is tardy for more than 10 minutes of the class, the student will be truant.

First offense:	Warning from Teacher
Second offense:	Office Referral (Step 2 of discipline ladder)
Subsequent offenses	Office referrals for tardies may result in increased placement on the discipline ladder, loss of final exam exemption, loss of driving privilege, and/or forfeiture of eligibility to participate in extra-curricular activities including sports, or other consequences as determined by administration
Three unexcused tardies will constitute an absence. Students who arrive to 1 <sup>st</sup> period after absences have been posted (picked up) must sign in at the front office and receive an admittance slip to enter class.	

**A. Tardiness to Class** – A sufficient period of time is allowed for students to pass from one class to another. Students are expected to be in class on time each period.

1. In all cases of tardiness, a tardy slip must be secured from the office before

a student can be admitted to their first period class.

2. Youth Court Officials and/or the Attendance Officer may be notified after an accumulation of unexcused tardies.

#### **B. Tardiness to School**

1. A student is tardy for school if he/she arrives at school after the tardy bell has rung. A tardy slip must be secured from the office before a student can be admitted to class.
2. Tardies through the first period shall be excused if school bus is late.
  - Student had to report to a doctor and presents verification from the doctor's office.
  - Student was involved in an accident and presents verification from the police department or the principal has personal knowledge to the incident.
  - There are medical reasons, which due to their nature, may cause a student to be tardy from time to time, if the school has been notified in writing by a doctor.

**After 3 parent notes tardies will no longer be excused)**

#### **LEAVING CLASS**

At no time during class hours are students to be in hallways or out of class without an approved pass. Students will be called from class only in cases of emergency. If a student must be in the hall between classes, a hall pass with the student's name, date, destination, and time will be provided by the staff member, teacher, or administrator granting permission to be out of class. There are sufficient times to use the restrooms and go to a student's next class. Going to the restroom during class time is discouraged.

#### **WITHDRAWALS**

In grades K-12, if a student withdraws during the last two weeks of the school year and moves out of the district, the student will receive grades in progress to present to his/her new school. The school to which the student is transferring will have the option of accepting the grades in progress as the student's final grade or by requesting examinations from the Perry Central High School. The examinations may be mailed to the student's new school upon written request of the school to which the student is transferring. Examinations, when completed, will be checked by Perry Central High School personnel and credit will be given by Perry Central High School. School officials must be notified one school day prior to the withdrawal of any student. All books and fines must be cleared before official withdrawal is completed and the academic record is cleared. Perry Central High School does not require written consent of parents or an eligible student in order to transfer records. Student's educational records will be forwarded to a school or educational institution upon request from that school or educational institution.

#### **TRANSFERS, CHANGES OF ADDRESS**

1. Administration will release Perry County Schools education reports or records when an official written request is received from the school district to which the student is transferred.
2. Any parent or legal guardian has the right to review his/her child's school records unless a court order states otherwise.
3. A student leaving the Perry Central High School system may obtain the following: a report card and/or record of the student's work to date for the current term and book card. Reports may be held if the student has any indebtedness to the school (lunchroom, workbooks, library, textbooks, damages, etc.)
4. Any student who moves during the school year must record the change of address with administration in the main office. Any change of telephone numbers must be corrected in the same manner. In order to be able to contact or locate parents or guardians in a timely manner, it is the responsibility of the parent guardian to be sure that addresses and telephone numbers on student registration forms are accurate and updated.

This course of study leads to the Alternate Diploma, which recognizes that a student has completed high school. The Alternate Diploma is not equivalent to a Traditional Diploma and is not recognized by postsecondary entities that require a standard high school diploma.

## **INTERVENTION PROCESS**

MDE shall require an instructional model designed to meet the needs of every student. The model shall consist of three tiers of instruction. The Three-Tiered Intervention as described below is a regular education function.

Tier I. Quality classroom instruction based on MS Curriculum Frameworks  
(Data documentation of interventions for a minimum of six weeks)

Tier II. Focused supplemental instruction  
(Data documentation of interventions for a minimum of six weeks)

Tier III. Intensive interventions specifically designed to meet the individual needs of the student.  
(Six-week minimum documented interventions, not to exceed 18 weeks maximum  
per subject area)

Teachers shall use progress-monitoring information to (a) determine if students are making adequate progress, (b) identify students as soon as they begin to fall behind, and (c) modify instruction early enough to ensure each and every student gains essential skills. Monitoring of student progress is an ongoing process that may be measured through informal classroom assessment, benchmark assessment instruments, and large-scale assessments.

If strategies at Tiers I & II are unsuccessful, students must be referred to the Teacher Support Team (TST). The TST is the problem-solving unit responsible for interventions developed at Tier III. Each school must have a Teacher Support Team (TST) implemented in accordance with the process developed by the Mississippi Department of Education. The chairperson of the TST shall be the school principal as the school's instructional leader. The core members of the Teacher Support Team shall not be comprised of members of the school's Special Education staff. Special Education staff may serve in an advisory capacity only.

Interventions shall be:

- √ Designed to address the deficit areas;
- √ Research based;
- √ Implemented as designed by the TST;
- √ Supported by data regarding the effectiveness of interventions.

In addition to failure to make adequate progress following Tiers I & II, students will be referred to the Teacher Support Team for interventions as specified in the guidelines developed by MDE if any of the following events occur:

- A. Grades 1-3: A student has failed one (1) grade;
- B. Grades 4-12: A student has failed two (2) grades, OR
- C. A student failed either of the preceding two grades and has been suspended or Expelled for more than twenty (20) days in the current school year.

Referrals to the Teacher Support Team must be made within the first twenty (20) school days of a school year if the student failed the preceding year resulting in a referral as stated above.

### **SPECIAL EDUCATION (SPED) PROMOTION/RETENTION POLICY**

Students enrolled in special education courses shall receive a report card that designates the grade earned and the level on which the student is working. Students enrolled in self-contained special education programs may be transferred as follows:

- Students who reach the age of fifteen on or before September 1 of a given year shall be transferred to ninth grade.

Promotion for special education can be based on regular education promotion and retention policy, or through the IEP objectives. The following procedure should be implemented:

- Promotion is based on mastery of IEP objectives, not mastery of the Mississippi required curriculum objectives. Both SPED teachers and classroom teachers are responsible for documenting the level of accommodations made to enable the student to be successful. The regular classroom teacher is responsible for informing the SPED teacher of the student's progress or lack of progress during the 9 weeks if the SPED teacher can not be in the room when a particular subject is taught.

### **EXIT OPTIONS FOR STUDENTS WITH DISABILITIES**

Special Education students entering the ninth grade in the 2002-2003 school year and after will have three (3) options concerning a course of study:

1. Students may enroll in an academic course of study aimed at obtaining a Mississippi High School Diploma or a Mississippi High School Diploma with Advanced Academic Endorsement.
2. Students may enroll in an occupational course of study aimed at obtaining a Mississippi Occupational Diploma. The student must have an approved portfolio containing a collection of evidence of the student's knowledge, skills, and abilities related to the occupational core curriculum. The primary postgraduate goal for students enrolled in the occupational course of study is competitive employment. This option shall be offered only to students with disabilities, as defined by the Individuals with Disabilities Education Act (Public Law 105-17).
3. Students may obtain a Graduation Certificate based on the completion of IEP goals.

The decision regarding choosing a program of study leading to one of these exit options must be made by the student's Individualized Education Program (IEP) committee during the student's ninth grade year or IEP developed prior to the student's sixteenth birthday, whichever comes first.

### **ALTERNATIVE EDUCATION**

Students attending the Perry County School District who are classified as at-risk and cannot function in the regular school setting may be offered an alternative education. The Perry County School District provides the alternative education through the Perry County Achievement Center (PCAC).

This center was formed to develop, implement, and provide alternative education for all classifications of at-risk youth who are in grades 5-12. The major goal of PCAC is to improve the academic and personal skills of potential secondary school dropouts to a degree that will permit them to return to the regular school program and graduate or obtain a GED. At-risk students may be referred to the principal of their local school by school personnel, parents, or community agencies for possible placement in the alternative center.

**Students arriving upon their home school campus for transfer to the alternative center in the a.m. or returning to their home school campus in the p.m. must at all times remain outside the building in the bus pick-up area. Students placed in alternative center will not be allowed to participate in or attend any extracurricular activities.**

**Due Process:** Students are afforded due process. Information is distributed to the students regarding school rules and student conduct in the student handbook. When a disciplinary action results in a disciplinary reassignment, suspension or expulsion, due process of law involves three procedures:

1. Prior Notification- The student and /or legal guardian is informed of the disciplinary action which is being considered.
2. Specification of Charges-The student and/or legal guardian is made aware of misconduct for which the student is being accused.
3. Opportunity to Respond-The student and/or legal guardian is allowed to present his view of the accusations and of the disciplinary action to be taken.

An appeal may be made to the principal, in writing, if the procedure or a decision is questioned. The principal's decision may be appealed in writing, to the superintendent of schools.

**PLACEMENT CRITERIA** The principal shall require verification from the appropriate home school guidance counselor that a student referred is suitable for placement. Before a student is removed and placed in the program, the Superintendent must determine that the disciplinary policy of the local district is being followed. The removal of a student requires a committee of teachers and other appropriate professional personnel to develop the IIP or IEP, for students receiving special education service, to ensure the continued education for the removed student. The IIP should include the duration of placement. The IIP and IEP must be completed prior to placement. Student placement into an alternative education program is based on a required referral process. This referral process will need to be included in the district's handbook. The Disciplinary Committee may be comprised of a minimum of three members, (i.e., principal, teacher, counselor) and a special education teacher, when applicable. The parents or guardian of the student should be present during the Committee's hearing. A student's placement or assignment may be extended due to academic, behavior, or attendance deficiencies. Students assigned to the alternative program are expected to pass their academic courses and attend school on a daily basis, unless otherwise excused. Students assigned to the alternative education program must exhibit appropriate behavior and adhere to the alternative school's rules and regulations. In the case of a recommendation

for alternative education placement, the superintendent or his designee must conduct a review of the recommendation. ## **STUDENT BULLYING**

The Perry County School District does not condone and will not tolerate bullying or harassing behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communications, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The Perry County School District will make every reasonable effort to ensure that no student or school employee is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and/or harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the Perry County School District defines "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. Ref: SB 2015; Miss. Code Ann. 37-7-301(e)

## **STUDENT COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR**

Student and employees in the Perry County School District are protected from bullying or harassing behavior by other students or employees. It is the intent of the Board and the administration to maintain an environment free from bullying and harassing behavior. This complaint procedure provides a process for filing, processing and resolving complaints of such conduct. Adherence to these procedures is mandatory. The failure of any person to follow these procedures will constitute a waiver of the right to pursue a complaint at any level, including review by the Board.

1. Definitions: Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits.

A hostile environment means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include the name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman. The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meetings as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined. If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the appeal. The superintendent shall provide a written decision to the victim's appeal within ten (10) working days. ## **DISCIPLINE-GENERAL INFORMATION**

The basic objectives of discipline within the school may be described as four-fold:

1. To establish conditions under which no student will be permitted to prevent the teacher from teaching or any student from learning.
2. To establish and maintain study conditions that are conducive to learning.
3. To develop, on the part of each student, the habits and skills that will make him/her self-directive and to help him/her realize that he/she is responsible for his/her own behavior.
4. To guide students in learning how to make better behavioral choices based on decision-making skills that will enable them to become self-disciplined.

Conferences, reprimands, parent care, detention, suspension, expulsion or other discipline methods may result in the student's failure to conform to acceptable standards of behavior in school.

## DISCIPLINE DEFINITIONS

The following definitions and procedures shall be used as guidelines in matters relating to discipline and punishment

1. **AFTER SCHOOL DETENTION**—Student detention is part of the discipline plan. Detention will be held on Tuesdays, Wednesdays and Thursdays from 3 PM to 4 PM. Students must arrive on time or be assigned an additional hour of detention. Failure to follow the Administrator's directions during detention may result in more severe disciplinary actions. Students must provide their own way home and if they are unable to leave by this time they may be picked up at the Sheriff's Office. Students will have one day notice of assignment to detention.
2. **CORPORAL PUNISHMENT** is an option in the disciplinary program of the Perry County Schools and will be administered in accordance with the policy of the Perry County School District. The district has established procedures under which a parent/legal guardian will indicate whether he/she gives permission for his/her child to receive corporal punishment as appropriate under the assertive discipline plan outlined in the student handbook and in accordance with district policy. Alternative disciplinary actions will be required for students whose parents/legal guardians have not checked and signed the required Corporal Punishment Permission statement.
3. **PARENT CARE** is an intervention process through which a student is placed under parent supervision until a parent conference can be arranged with a building administrator. Parent care is not considered a suspension from school, but each day of a student's absence for parent care is considered an absence from school under the attendance policy.
4. **SUSPENSION** (both in-school and out-of-school suspension) is a forfeiture of participation in regulatory scheduled school activities (both Home & Away) for the time designated during suspension. Graded work missed during the time of suspension may be made up according to make-up work policy, see page 12. Students may be assigned to either in-school, or out-of-school suspension. In all cases, parents must have a conference with the designated school administrator before the child will be allowed to return to classes. Telephone calls will not be acceptable. In-school suspension requires that a student complete all assignments during the period of suspension. A student who disrupts the ISS program will be referred to the appropriate building administrator.  
Students who miss work due to an out-of-school suspension will be allowed to make up his or her missed assignments, but that work must be made up within the same number of days that the student was suspended. For example, if a student is suspended out-of-school for three (3) days, upon his or her return, the student has three (3) days within which to complete his or her missed work. The requirement that the make-up work be completed within the same number of days the student missed due to the out-of-school suspension does not relieve the student from the requirement that he or she complete the regular assignments given to his or her class in the time allotted as well.
5. **EXPULSION** is the total exclusion of the student from participation in or attendance at any school-related activity. A student who has been expelled from the Perry County Schools must apply in writing to the Board of Education for possible readmission.
6. **SCHOOL SERVICE** is an option. Students may work under supervision of school personnel in acts of cleaning or services as directed by school administration. This punishment will require written permission by parents prior to being used. It will be used in replacement of ISD. Half of work day is equal one whole day of ISD.

Repeated patterns of misbehavior may require counseling and parental involvement and assistance to the extent that the parent may be requested to come to school and attend classes with the student in order to identify and correct such behavioral patterns.

### **SORORITIES, FRATERNITIES, AND SECRET ORGANIZATIONS**

State law specifically prohibits the existence of any sorority, fraternity, or secret society as a part of any high school in Mississippi. The Perry County School District expressly prohibits use of Perry Central High School as a part of the name of any of these groups, raising funds in the name of the Perry Central High School, conducting any part of the initiation at Perry Central High School (including wearing of unusual dress, signs, and directions or instructions given to initiates by members), and the use of any school facility-grounds or buildings- for the purpose of meeting or holding any type of program or exhibition.

Occasionally, students participate in activities which require uniforms identifiable with the Perry Central High School. While in uniform, the student is expected to conduct himself/herself in a manner acceptable to the school system. This conduct is required whether the uniform is provided by the school or the student. The student should represent the school in a positive manner as long as he/she is in uniform, even if the student is not at an official school function or on school premises.

Participation in school activities may be denied, terminated, or restricted as a result of behavior determined to be unbecoming or unacceptable to the school administration if the student behaved in an inappropriate manner while wearing a uniform representing Perry Central High School.

### **VANDALISM**

The school district will not tolerate students' writing on or otherwise defacing school property. Students guilty of this offense will be placed on the disciplinary ladder according to school policy, and restitution will be required from the students and/or their parents/guardians.

## General Policies

### APPEARANCE OF BUILDINGS AND CAMPUS

Taking pride in one's surroundings is good training in citizenship. The school buildings and the campus can be kept attractive with the cooperation of students and all school personnel. Trash and empty paper cups should be deposited in containers and restrooms should be kept clean.

### CAFETERIA

1. Breakfasts and lunches are served each day in all Perry County Schools. Prices for breakfasts and lunches will be subject to change during the school year.
2. Free and reduced price breakfasts and lunches are available for those who apply and qualify.
3. Milk may be purchased by any student in the cafeteria.
4. All students must remain at school during the lunch period unless signed out by parents or legal guardians on a daily basis.
5. Students will not take food out of the cafeteria.
6. In compliance with Federal (USDA) guidelines, commercially prepared competitive food and drink items will not be distributed or sold one hour prior to or during the lunch period and will not be taken into the cafeteria during lunch.
7. **No credit will be extended for breakfasts or lunches.**
8. The system used in identifying student meal status will be the number system. The concept of the number system requires that all students be assigned a certain coded number for the school year enabling each student to eat breakfast and lunch in the school cafeteria without a ticket or I.D. card.
9. In accordance with federal requirements, the "Offer vs. Serve" policy is in effect for all high school students. This allows the student to select any three of the five food items offered on the menu. Students must choose at least three of the five components offered; however, selecting only three or four items does not relieve the student from paying the full price of the meal.
10. Misconduct in the cafeteria will result in a student being referred to administration.
11. Lunch prices for students are as follows:

<u>Full Price</u>		<u>Reduced</u>
Breakfast	\$1.25	Breakfast \$.30
Lunch	\$2.75	Lunch \$.40

### LOCAL SCHOOL WELLNESS POLICY

The link between nutrition, physical activity, and learning is well documented. Healthy eating and activity patterns are essential for students to achieve their full academic potential, full physical and mental growth, and lifelong health and well-being. ## EXTRA CURRICULAR ACTIVITIES

Students participating in extra-curricular activities (sports, band, cheerleading) must have completed a proof of insurance form and have a current physical on file.

The Mississippi High School Activities Association governs academic rules for students participating in activities. Students must meet all requirements by MHSAA. In order to be eligible for try-outs or for election(s), the student must meet all requirements established under the policies specifically related to each activity's area.

A. To be eligible for participation in extra-curricular activities, eligibility will be determined at the end of each nine weeks. Students must have a cumulative average of 70 (all subjects averaged together). Students cannot have more than one failing grade. This means that more than one subject below 65 makes a student ineligible to participate in extra-curricular activities. Students who are failing one or more state tested courses **MUST** attend one hour per week of **MANDATORY** after-school tutoring for each failing course until his or her grade has improved to passing.

B. A student who fails to meet the requirements at progress report time will be placed on WARNING for the remainder of the nine weeks. (Participation may continue during the warning period) If by the end of the nine weeks the requirements have not been met, the student would be ineligible. Students may become eligible if they meet requirements at the next progress report.

C. An accrual of 5 or more office referrals will result in a student being disqualified from any or all extracurricular activities for the remainder of the year.

D. Athletes are required to remain in school 60% of the day on the day of a scheduled activity.

E. For special education students, the IEP committee will meet the week report cards are issued and make a determination as to the satisfactory progress of the students according to their IEP. If the committee determines the students are not making satisfactory progress, they will be ineligible to participate the next nine weeks.

F. At the end of the year, students' yearly average will be used to calculate the overall average and the student cannot be failing the subjects listed in Paragraph A.

The administration recommends that once a student begins a sport, they should remain until the end of the season. The administration supports finishing what you begin.

G. Student-athletes who are suspended, either in-school or out-of-school, will not be eligible for participation in extra-curricular activities during the period of suspension.

H. Student-athletes will be required to follow team rules as set by the coaches of their respective teams. A student may be dismissed from a team without prior warning if the student-athlete's actions warrant immediate removal from the team.

I. Any student who stops participating in a sport during that season may not participate in any other sport until that season ends. If a student stops participating due to a medical condition the principal may allow the student to participate in another sport. The principal must receive documentation from a doctor that permits the student to participate in one sport but excludes them from others due to medical reasons.

## **PERRY COUNTY SCHOOL DISTRICT STUDENT DRUG TESTING EXTRA-CURRICULAR ACTIVITIES**

The Perry County School District School Board, in an effort to protect the health and safety of its students from illegal and/or performance enhancing drug use and abuse, thereby setting an example for all other students of this school district, has adopted the following policy for drug testing of students participating in extracurricular activities. Participation in school-sponsored extracurricular activities is a privilege. Illegal drug use of any kind is incompatible with participation in any extracurricular activities on behalf of the school district. This policy is intended to complement all other policies, rules and regulations of the Perry County School District regarding possession or use of illegal drugs. This policy is not intended to be disciplinary or punitive in nature. The sanctions of this policy relate solely to limiting the opportunity of any student found to be in violation of the policy to participate in any extracurricular activities. There will be no academic sanction for violation of this policy. This policy shall apply to all participant students in Grades 9-12 or any student participating in varsity sports at Perry Central High School.

## **PROCEDURES**

The drug-testing program shall be implemented in accordance with the established Perry County School Board Policy, and with the advice and assistance of representatives from the medical profession. The contracting biomedical laboratory shall be approved by the Perry County Board of Education and conduct testing according to national accepted standards and procedures. The testing shall be implemented only after written consent from the student and the parent legal guardian. If any student and/or parent/legal guardian refuses to sign the drug testing informational release form or permission for the student to take the drug test, the student will immediately be suspended from participation in the extracurricular activity.

1. Each semester the school principal will present an information session to students to educate them about the sample collection process, privacy arrangements, and drug testing procedures. The students will also be informed of consequences of positive drug tests and related procedures and practices.
2. **Consent Form.** Any student who participates in extracurricular activities shall be provided with a copy of this policy and an "extracurricular activities student drug testing program consent form." This form shall provide consent for a sample of urine from the extracurricular participant to be tested for illegal or performance- enhancing drugs. The consent form must be read, signed, and dated by the student, parent or custodial guardian, and coach/sponsor before a participant student shall be eligible to practice or participate in any extracurricular activity. If any student, parent or guardian refuses to sign the consent to test and authorization to release form, the student will immediately be withdrawn from the extracurricular activity.
3. Each participant may be tested prior to the start of his/her season or extracurricular activity. Extracurricular participants who move into the district after the school year begins will be required to have a drug use test before being eligible to participate.

4. Random tests will be conducted on 10% of the selection pool at a various time during the school year. Students will be assigned a confidential number for the purpose of random selection.
5. **Drug Use Testing.** Any drug use test required by the school district under this policy will be administered by or at the direction of a professional laboratory chosen by the school district that uses scientifically validated toxicological methods.
- A. The participant will be required to present proper identification at the collection site.
  - B. Each participant will be interviewed by the person collecting the sample to document relevant information to ensure proper identification of the specimen.
  - C. The participant will be asked to remove any coat or outer garments that might conceal materials that could be used to alter the specimen.
  - D. The specimen will be collected in a single use container that is sealed until given to the participant just prior to entering the collection room. The person collecting the sample will insure that the participant does not have access to water or other substances that might alter the specimen.
  - E. The participant will enter the collection room and fill the container with the appropriate amount of urine.
  - F. The person collecting the specimen will follow processes that will insure that no specimen is altered before transportation to the lab.
6. **Testing Monitor.** All aspects of the drug use testing program, including the taking of specimens, will be conducted to safeguard the personal and privacy rights of students to the maximum degree possible. If at any time during the testing procedure the collector has reason to believe or suspect that a student is tampering with the specimen, the collector may stop the procedure and inform the athletic director/sponsor who will then determine if a new sample should be obtained.
7. **Test Results.** If the initial drug use test is positive, the initial test result will be subject to confirmation by a second test of the same specimen. The second test will use the gas chromatography/ mass spectrometry technique. The unused portion of a specimen that tested positive shall be preserved by the laboratory for six months or to the end of the school year, whichever comes first. Student records will be retained until the end of the school year.

## **CONFIDENTIALITY**

If the drug use test for any student has a positive result, the medical review officer will contact the school principal with the results. Procedures for maintaining confidentiality will be practiced. The school principal will then contact the parent or guardian of the student with instructions to contact the medical review officer to submit additional information. The medical review officer will review the additional information provided by the student, and/or the parent or guardian and determine if the positive test result occurred as a result of consumption of an illegal or performance-enhancing drug.

If it is determined that the positive test occurred as a result of the presence of an illegal or performance enhancing drug in the student's urine sample, the medical review officer will contact the school principal who will schedule a conference with the parent/guardian, the student, and the sponsor or coach of the extracurricular activity in which the student is involved. At the conference, the student and parent/guardian will be informed of which controlled substances were discovered as a result of the tests. The school district will rely on the opinion of the medical review officer in determining whether the positive test result was produced by other than consumption of an illegal drug or performance enhancing drug.

Records of test results and referral to counseling or treatment are kept confidential and will never be part of a student's educational record, nor will they be forwarded to another school. Under no circumstances will results from a drug use test under this policy be turned over to any law enforcement officer or agency.

### **Appeal**

A student who has been determined by the testing laboratory to test positive after two separate drug tests on the same urine sample, and who then has been determined to be in violation of this policy shall have the right to appeal the decision to a District Review Committee. Such appeal must be filed within five business days of notice of the initial report of the offense as stated in this policy, during which time the student will remain eligible to participate in any extracurricular activities.

The District Review committee shall review the findings of the laboratory and hear the recommendation of the school principal in accordance with this policy and then determine whether the original finding was justified. There is no further appeal right from the District Review Committee's Decision. The decision shall be conclusive in all respects. Any necessary interpretation or application of this policy shall be in the sole and exclusive judgment and discretion of the superintendent, which shall be final and not subject to appeal.
